

## Current API Rate Limits for DrillBit Plagiarism Check

To support your submission workflows efficiently, the following API rate limits are currently applicable for DrillBit plagiarism check services:

Category	Current Limit
5 Minute Window	200 files within 5 minutes
1 Hour Window	2,400 files within 1 hour
Applicable Timeframe	6 PM to 6 AM

### ***Important Notes***

- These limits are intended to support smooth processing of higher submission volumes during off-peak hours.
- API usage exceeding the applicable limits may result in temporary account suspension or request blocking.
- Please ensure your integration adheres to the configured limits to avoid operational interruptions.
- For integration support or assistance, contact DrillBit Support at [support@drillbitplagiarism.com](mailto:support@drillbitplagiarism.com).
